FOR IMMEDIATE RELEASE

Greater Vancouver housing market favoured buyers in June

VANCOUVER, B.C. – July 4, 2012 – The number of residential property sales hit a 10-year low in Greater Vancouver for June, while prices remained relatively stable.

The Real Estate Board of Greater Vancouver (REBGV) reports that residential property sales of detached, attached and apartment properties reached 2,362 in June, a 27.6 per cent decline compared to the 3,262 sales in June 2011 and a 17.2 per cent decline compared to the 2,853 sales in May 2012.

June sales were the lowest total for the month in the region since 2000 and 32.2 per cent below the 10-year June sales average of 3,484.

“Overall conditions have trended in favour of buyers in our marketplace in recent months,” Eugen Klein, REBGV president said. “This means buyers are facing less competition and have more selection to choose from compared to earlier in the year.”

New listings for detached, attached and apartment properties in Greater Vancouver totalled 5,617 in June. This represents a 3 per cent decline compared to June 2011 when 5,793 properties were listed for sale on the MLS® and an 18.9 per cent decline compared to the 6,927 new listings reported in May 2012.

At 18,493, the total number of residential property listings on the MLS® increased 22 per cent from this time last year and increased 3.7 per cent compared to May 2012.

“Today, our sales-to-active-listings ratio sits at 13 per cent, which puts us in the lower end of a balanced market. This ratio has been declining in our market since March when it was 19 per cent,” Klein said.

The MLSLink® Housing Price Index (HPI) composite benchmark price for all residential properties in Greater Vancouver over the last 12 months has increased 1.7% and declined 0.7% compared to last month.

Sales of detached properties on the MLS® in June 2012 reached 921, a decrease of 37.4 per cent from the 1,471 detached sales recorded in June 2011, and a 19.1 per cent decrease from the 1,139 units sold in June 2010. The benchmark price for detached properties increased 3.3 per cent from June 2011 to \$961,600.

Sales of apartment properties reached 1,026 in June 2012, a 19 per cent decrease compared to the 1,266 sales in June 2011, and a decrease of 18.4 per cent compared to the 1,258 sales in June 2010. The benchmark price of an apartment property increased 0.3 per cent from June 2011 to \$376,200.

Attached property sales in June 2012 totalled 415, a 21 per cent decrease compared to the 525 sales in June 2011, and a 27.8 per cent decrease from the 575 attached properties sold in June 2010. The benchmark price of an attached unit decreased 0.1 per cent between June 2011 and 2012 to \$468,400.

-30-

The real estate industry is a key economic driver in British Columbia. In 2011, 32,390 homes changed ownership in the Board's area, generating \$1.36 billion in spin-off activity and 9,069 jobs. The total dollar value of residential sales transacted through the MLS® system in Greater Vancouver totalled \$25 billion in 2011. The Real Estate Board of Greater Vancouver is an association representing 11,000 REALTORS® and their companies. The Board provides a variety of member services, including the Multiple Listing Service®. For more information on real estate, statistics, and buying or selling a home, contact a local REALTOR® or visit www.rebgv.org.

HOW TO READ THE TABLE:

• Benchmark Price: Estimated sale price of a benchmark property. Benchmarks represent a typical property within each market.

• Price Index: Index numbers estimate the percentage change in price on typical and constant quality properties over time. All figures are based on past sales.

• x Month/Year Change %: Percentage change of index over a period of x month(s)/year(s)

In January 2005, the indexes are set to 100.

Townhome properties are similar to Attached properties, a category that was used in the previous MLSLink HPI, but do not include duplexes.

The above info is deemed reliable, but is not guaranteed. All dollar amounts in CDN.
