Olympic Rental Market Update

The market for accommodation during the 2010 Games may not be as large as some Whistler homeowners may expect. According to local sources, there has been a general decrease in demand for February 2010. However, there is anticipated, an increase in demand, once the Beijing Olympics have finished and the spotlight turns to Vancouver/Whistler.

Please contact me for more information and options for 2010 rental opportunities, contact Dave.

My Favourite Places Whistler Creekside

'Creekside' has a laid-back, local 'feel', and access to so much. Some of my fav's:

- **South Side Diner** (order their Eggs Benny!).
- Evening Martini on **Nita Lake Lodge's** patio overlooking Nita lake.
- Mountain bike trail **Tunnel Vision**, straight to **Dusty's** (best Caesar in Whistler!).
