

Re: Kevin Sing, REALTOR® Recommendation

We would like to recommend Kevin Sing as a realtor who has served our family well.

Kevin helped us relocate to Victoria several years ago and he carried on the fine traditions of service we have received from DFH over the years. Extraordinarily knowledgeable about the real estate market in Victoria, he helped us find a great home during a tough market period. More than helping us find a home, he helped with such important aspects such as finding a family doctor. His knowledge of military moves, the increasing demands of short house hunting trips and door-to-door moves was invaluable.

In addition to our move, Kevin also helped move Lynn's parents and sister. Kevin shone during this move - helping find a fantastic condo and assisting with the challenges of this significant move across the country.

Kevin brings a rare mixture of business acumen and empathy that we have found singularly effective in supporting our family. We can unreservedly recommend Kevin as a realtor of great skill who serves the needs of military families brilliantly.

Warmest regards

Don and Lynn Smith
