Scope of Work:

TERMS & CONDITIONS

The installation of the aforementioned equipment is subject to the following terms and conditions:
 Not Applicable

GENERAL REQUIREMENTS & INFORMATION

1. Only qualified individuals may perform regulated work as defined by the Safety Standards Act and Regulations.
2. All gas work is to be discontinued immediately if the installation permit is suspended, revoked, or otherwise rendered invalid by the BC Safety Authority.
3. The BC Safety Authority is to be notified within 24 hours of any incident that results in an injury to any person or damage to the gas equipment during the installation of the equipment. To report an incident, go to www.safetyauthority.ca.
4. Variances must be obtained prior to commencement of installation work. For installations already commenced, all regulated work must be discontinued until the request for variance, where required, has been approved by the BC Safety Authority.
5. Failure to disclose additional work or alterations to the work authorized under this installation permit may result in additional fees and assessments being levied and/or the suspension or revocation of the installation permit.
6. All non-compliances must be resolved by the date indicated on the Certificate Of Inspection.
7. On completion of each phase of the gas system authorized by a permit, the gas fitter, the permit holder, or a representative of the permit holder, must immediately request an inspection from the BC Safety Authority.
8. On final completion of the regulated work authorized by a permit, the holder of the permit must immediately complete a Notification of Completion, Installation Repair or Alteration Form online, or mail the completed form and data reports to the BC Safety Authority.
9. Where required by the Safety Standards Act, a valid Operating Permit must be obtained from the BC Safety Authority prior to using a regulated product. If this Installation Permit is issued for an installation which requires an Operating Permit, the system owner has 60 days to obtain a valid Operating Permit following an acceptable final assessment.

If you disagree with a term or condition applied to this permit, you may request, in writing, a Safety Manager review within 30 days from the date of issue. A Review Request Form can be obtained from any BC Safety Authority office or online at: www.safetyauthority.ca (search: "manager review").

For information on the Safety Standards Act, Regulations, and the Review/Appeal process, please visit www.safetyauthority.ca.
