

This map arises from the CRD Regional Transportation Plan which aims to make cycling an appealing, safe, convenient and viable travel option for residents and visitors.

Ride Safe

Follow the rules of the road; cyclists have the same rights and responsibilities as drivers. The Motor Vehicle Act and local government bylaws apply to cyclists too. Remember:

- Focus on the road
- Observe all traffic laws
- Ride in a straight line at speeds safe for the conditions
- Pass other vehicles slowly (including cyclists & parked vehicles) allowing at least 1.5 metres of space
- Check and yield before making a turn
- Look behind before changing lanes or opening a vehicle door
- Communicate with signals and eye contact
- Cooperate and show mutual respect
- Use hand signals

Water Fountains on Trails

There are many water fountains along the regional trail system. CRD Regional Trail water fountains are seasonal (April – October). The water comes from the Regional Water Supply System.

BC Transit Bike & Ride

Most buses are equipped with two bike racks. E-bikes are only allowed on racks if they weigh less than 55lbs and the battery is removed. On community shuttles, racks are only available during daylight hours. Bike racks are available at select locations. For more info, contact bctransit@vic.gov.bc.ca or the Greater Victoria Cycling Coalition at info@gvcc.bc.ca.

Sponsors thank you to our map sponsors, who are among the many local bike shops and organizations across the region here to serve you.
